

NEW FIRE SUPPRESSION SERVICE APPLICATION

The application must be completed, signed and returned to our office with payment.

1. Only one single-family dwelling may use a water service.
2. Rainier View Water Co. is not responsible for service lines beyond the meter. It will be the responsibility of the customer to install and maintain a backflow prevention device which complies with the Company Cross Connection Program.
3. Applicant is responsible for expenses incurred at this service through notification date to transfer.
4. Annual billing begins upon completion of meter installation.
5. Installation of new service connections will be a minimum of 10 working days but within 30 days from application acceptance and payment processing by Rainier View Water; road crossings or hot taps may take longer.
6. If Rainier View Water Company is called for a subsequent visit to repair/replace damaged/tampered services (meter, meter box, meter setter, lock, etc) applicant will be responsible for all expenses based on time and materials.
7. Water line must be run to the meter box or to the point designated by the Rainier View Water Company representative.
8. The completed Water Usage Questionnaire must be returned with the Application for Fire Suppression Service. Incomplete forms will be sent back to applicant and the process will be delayed until completed forms are returned to Rainier View Water.
9. If you have any further questions regarding meter installation and/or requirements please contact operations at (253) 537-6634.

Service Charges and Credit Policy: A service charge of \$10.00 shall be applied to each account for each payment returned unpaid for any reason by the financial institution upon which the payment is drawn.

Utility payments are due upon receipt and past due after the 16th of each month. Action to collect a delinquent account may include disconnection of service unless satisfactory payment or arrangements are made. The customer will be charged a dispatch fee for the collection of a delinquent account (this includes failure to follow through with arrangements or payments returned unpaid).

There is a reconnect fee that is due if service is disconnected for any reason, except when disconnection is done for the convenience of the company. Restoration of service will be made after payment of applicable charges, including reconnect fees.

Please call 3 business days in advance to discontinue service.

Termination of Service: To discontinue service, customer is responsible for notifying the utility. Failure to do so will result in the customer being responsible to continue paying the company's tariff rate until the company becomes aware that the customer has vacated the property.

Change of Use: The customer will not increase OR change his or her demand or use of service as stated in the customer's application without giving due notice of such increase. In the event of such increase, the customer will be required to pay the utilities regularly published rates for such increased service and demand from the date of connection and use of the same.

Whenever the customer desires to discontinue the use of water for any special purpose or through fixtures mentioned in the original application, the customer shall cause the fixture to be removed and the branch pipe or service supplying the same to be capped or plugged and shall notify the utility in writing before any reduction in charge will be made. Such a reduction in charge is contingent upon the provisions of the tariff.

The applicant specifically agrees to install and maintain at all times their plumbing system in compliance with the most current edition of the Uniform Plumbing Code having jurisdiction as it pertains to the prevention of water system contamination and prevention of pressure surges and thermal expansion in their water piping.

Further, the applicant agrees not to make a claim against Rainier View Water Company, Inc., or its agents or employees for damages and/or loss of production, sales or service, in case of water pressure variations, or the disruption of the water supply for water system repair, routine maintenance, power outages and other conditions normally expected in the operation.

Sprinkling and Irrigation: Water used for sprinkling and irrigation shall be paid for at the regular prescribed tariff rates for such service. The hours for such use shall be prescribed from time to time by Rainier View Water Company.

During peak use months (June-September), and at any such other times when demand may be high, Rainier View Water Company may prohibit or limit sprinkling and irrigation to preserve water for domestic use.

DISPUTE RESOLUTION: If you have a complaint or dispute with the company regarding utility service, please call 253-537-6634 or 1-888-490-3741 or write to Rainier View Water Company c/o Customer Service, P.O. Box 44427, Tacoma, WA 98448.

Any complaints or disputes received by Rainier View Water Company will be investigated promptly and the results reported to you. If corrective action is required, that action will be taken as soon as possible. If the complaint cannot be resolved through initial contact, you have the right to request the problem be acted upon by Rainier View Water Company's supervisory personnel. If your complaint is still unresolved, you may call the Washington Utilities and Transportation Commission at 1-800-562-6150. Their e-mail address is consumer@utc.wa.gov.

Tariff information is available at our office for review during normal office hours.
